

Psychology

Associate in Arts

Program/CIP Code: PSYC.AA/24.0101

Credits Required: 60

Division: Social and Behavioral Sciences and Public Services

Contact: psychology@kckcc.edu

Psychology is the systematic study of human thought, emotion and behavior. Seeing through a psychological lens helps us to understand the unique perspective each individual brings to understanding and interacting within their world. Such a perspective simultaneously sheds light on the innumerable commonalities each human being shares. By applying a scientific and systematic study of the individual, we can develop a wider, deeper and more useful perspective of ourselves, and others.
