### **KCKCC Non-Discrimination Policy Statement**

Kansas City Kansas Community College (KCKCC) is committed to promoting and sustaining a campus community which identifies and values the individuality of every community member and is dedicated to maintaining a positive environment where diversity and inclusion is encouraged and fostered throughout the College.

KCKCC prohibits discrimination against any member of the College community on the basis of race, color, religion, national origin, age, disability, sex/gender (to include orientation, identity or expression), military/veteran status or any other characteristic protected by law and/or KCKCC policies. KCKCC will conduct its programs, services and activities consistent with applicable federal, state and local laws.

Student Housing supports Kansas City Kansas Community College's [Mission, Vision, and Purpose](#) by developing a safe, comfortable, living-learning community conducive to academic success and personal and social development.

## Student Housing Staff

The Student Housing staff is here to assist you in the development of your academic, social, and personal growth. Below is a list of our staff members who are dedicated to providing you with a comfortable place to live and learn. All of our staff members complete training and as part of the hiring process will have their personal information submitted for a criminal background check.

**Student Desk Workers** provide reception desk service in the residence hall. They work closely with the residence hall staff in keeping the office, mail room, and reception area running smoothly. They help monitor the lobby area and assist students with packages and other services.

**Resident Assistants (RAs)** are undergraduate students who have been selected because of their desire and ability to be of service to other students. RAs usually know the answers to questions you may have or know where to find you the right assistance.

**Student Housing Coordinator** is a full-time staff member who manages the daily operations of the residence hall.

**Student Housing Director** is a full-time staff member who manages the overall operations of the department.

**Custodial, Maintenance, and Grounds Staff** are essential staff members providing daily service to our residents including 24-hour coverage for emergencies. The custodial staff cleans all public areas including hallways and lounges, but students are responsible for cleaning up after themselves. Maintenance staff maintain public areas and keep the hall in good physical condition. Grounds staff ensure that the exterior of the building is maintained and beautified. Requests for maintenance should be submitted online through the Student Housing portal or to an RA after hours in case of emergency.

## Community Living

Living with others in a community living environment is one of the most challenging, significant, rewarding, and beneficial experiences students have while attending college. Learning to handle the challenges and stresses of living with others is a critical experience that benefits students well beyond their college years. Living on campus has also been proven to increase student success in college and has the potential to affect the growth and development of college students significantly. Living with others is not easy and requires students to:

- be assertive in protecting the rights of themselves and others,
- take responsibility for themselves and the consequences of their actions,
- make mature decisions,
- communicate effectively,

- demonstrate civility and respect toward others,
- show genuine concern and empathy for the well-being of others,
- compromise,
- demonstrate persistence and rigor in dealing with challenges,
- appreciate and value differences and the lessons that can be learned from others, and
- balance individual rights and freedoms with the responsibility each person has as a member of a community, and to exercise rights and freedoms in a manner that protects the rights and freedoms of others and promotes the common good.

## Living with Roommates

Many students come to college without the experience of sharing a room with someone else and may be used to having a larger, more private living space. Living successfully with others requires open communication, respect, trust, flexibility, a willingness to share, courtesy, and remembering to be concerned about the needs and feelings of the other people in the room. When making decisions about how to live in this shared space, students must take into consideration the impact they have on one another. The following are a few tips on how to be a good roommate:

**Complete a roommate agreement** – RAs can provide these agreements to help roommates define their expectations of each other and how to share their common space.

**Limit personal items** – The space that roommates share is compact, and there may not be enough room for everyone to bring all of their personal property. Roommates should discuss and agree upon what to bring and maintain in the shared space.

**Share** – It is not possible for all roommates to have everything they want in the room and to have it for their exclusive use. Due to the limited space and electrical capacity of the rooms, it is not possible for each roommate to have their own electrical appliances and large items that consume large amounts of space. Roommates should talk about sharing items and set some ground rules for their use.

**Live by “The Platinum Rule”** – Roommates should always keep in mind the feelings, rights, and needs of the person/people with whom they share space and remember to “treat others as they want to be treated.”

**Communicate** – Roommates should talk openly and honestly with each other when they have concerns. They should be assertive, but considerate.

**Seek help** – Roommates should utilize the assistance of their RA to help them address difficult issues in their living situation.

**Be open-minded and willing to compromise** – Roommates do not need to be best friends, but they should realize that there is much to be learned from living with someone whose personal habits, background, values, and characteristics are different from their own. They should talk with each other, share their ideas, perspectives, and beliefs, and be willing to listen, learn, and compromise when they disagree.

## Roommate Bill of Rights

The following Bill of Rights contains basic rights of roommates. In an effort to protect the rights of individual roommates, Student Housing expects all residents to have:

1. The right to study free from undue interference in one's room. Unreasonable noise and other distractions inhibit the exercise of this right.
2. The right to sleep without undue disturbance from noise, guest of a roommate, etc.
3. The right to expect that a roommate will respect personal property.
4. The right to live in a clean and healthy environment.
5. The right to free access to one's room and facilities without pressure from a roommate.
6. The right to personal privacy.
7. The right to host a guest as long as all residence hall policies are followed, and the guest is respectful of the rights of all roommates.
8. The right to have grievances addressed and conflicts resolved. Residence hall staff members are available for assistance.
9. The right to be free from intimidation; physical and emotional harm; and racial, sexual, and other prejudicial harassment.
10. The right to expect reasonable cooperation in the use of the room's shared items (e.g., refrigerator, TV, stereo, etc.) and a commitment to honor agreed-upon payment procedures (e.g., toilet paper, cleaning supplies, etc.).
11. The right to live according to one's own unique values, beliefs, identities, and cultures, as long as they do not unduly interfere with the rights of others.

## Roommate Conflicts

If roommate conflicts occur, Student Housing works with all residents involved through various channels to mediate the conflict. These channels include:

**Roommate Agreements** – As discussed earlier, roommate agreements can help roommates identify potential problems before they arise. Also, when a conflict does arise, roommates can go back to the guidelines they set in their roommate agreement to resolve their conflict.

**Mediation and Counseling** – Student Housing staff are trained and experienced in helping roommates resolve conflicts and can offer advice, support, and informal assistance. Furthermore, Student Housing staff members are aware of resources to aid roommates with formal mediation assistance. Students need to determine their concerns and share them honestly during the mediation session.

**Student Conduct** – Roommate issues can at times be related to violations of the College's Code of Student Conduct, found at <https://www.kckcc.edu/files/docs/policies/student-affairs/3.00-student-code-of-conduct.pdf>, or the Student Housing Handbook or Terms and Conditions of the Student Housing contract. Students have the option of reporting conduct violations and seeking assistance through the student conduct system. This system is an educational process that communicates and reaffirms standards of conduct, encourages students to make wise choices and engage in appropriate behavior, and holds students accountable for unacceptable behavior. The conduct system is not intended to be used as a vehicle to force roommates out of their living environment, and removal or relocation is not always an outcome of the conduct process.

**Room Changes** – If issues reach the point that other methods of resolving the conflict have not been successful, there may be an option for a change in room assignment. Room changes are not available during the first two weeks of the fall and spring semesters, and there must be space available to allow a room change. It is important, therefore, that roommates try to resolve issues prior to requesting a room change. Room changes may be requested by contacting a Student Housing staff member. Student Housing staff members have a responsibility to provide support and assistance to all students involved in a conflict and, therefore, do not decide who is “at fault” and who should be moved. If a determination is made that the conflict cannot be resolved without a room change, and if a roommate does not volunteer to change room assignments, all roommates may be reassigned.

## Community Standards

Community standards are in place in our residence halls. Students living in on-campus housing have an opportunity to live in a community environment and to accept the responsibility of being a member of a unique group of people. To help ensure that students may exercise their rights as individuals while at the same time ensuring that the rights of those around them are upheld, basic policies have been established to facilitate mutual respect and consideration.

**Common Area Damages** – In the event of damages to a common area, including furniture, fixtures, doors, walls, elevators, windows, and excessive cleaning charges and trash removal, Student Housing reserves the right to charge all residents for reasonable damage charges if the responsible person(s) cannot be identified.

**Computer Usage** – Residents of Student Housing are expected to follow the College’s Computer/Net Usage policy which can be found here: <https://www.kckcc.edu/files/docs/policies/administration/1.01-computer-net-usage.pdf>

**Guests** – Residents want to have friends visit them; however, consideration for roommates and other floor residents dictates that guests do not infringe on another’s right to privacy and the quiet enjoyment of the facilities the resident has under contract. Residents must obtain permission from all roommates before inviting a guest to visit. In addition, it is each resident's responsibility to communicate disapproval of guests and to convey continual problems to a Student Housing staff member if approval is not sought after and received each time by all parties involved. If permission is not received and a guest is invited to visit, all future guest privileges may be revoked. While your guest is in the residence hall, we ask that you understand the following guidelines:

1. Guests (except underage youths) should carry a picture ID at all times and all guests must abide by all policies of Student Housing and KCKCC, with guests and hosts mutually responsible for the conduct of the guests.
2. Guests found violating College or Student Housing policies may be escorted from the residence hall and restricted from further access.
3. A resident may have no more than one overnight guest at any time.
4. Residents need to be in the presence of their guests and includes traveling in hallways, stairwells, and elevators. Escorting guests enhances the security of the facilities and protects individual privacy.

**Visitation Policy** – The visitation policy applies specifically to guests within the time frame during which guests may visit a resident’s room. Visitation to the extent of cohabitation (more than two overnight visits per week) is not permitted. The visitation policy applies to the entirety of the building, e.g., hallways, stairwells, lobbies, and elevators.

**Pets** – In accordance with KCKCC [Pet Policy: 5.54](#), pets of any kind inside of the residence hall are not permitted. Pets discovered in a residence hall will result in a fine of \$50 per day regardless of if the resident owns the animal. Should a KCKCC employee discover a pet in the residence hall, the employee can remove the pet and place it with the Humane Society of Greater KC, or similar organization, and residents will receive a pet fine. If animal feces are discovered anywhere in the room/apartment at any time, fines will increase for continued non-compliance. For details regarding Service Animals and Emotional Support Animals, please refer to that policy.

**Posting** – All posting of signs, bulletins, and promotional materials in the residence halls must be approved by the Director of Student Housing. Approved materials will then be distributed to the RA for posting.

**Quiet Hours** – Quiet hours are maintained to provide an atmosphere that is conducive to good scholarship and to promote an environment where individuals can learn. The enforcement of quiet hours is the responsibility of each student, with assistance from Student Housing staff as needed. Everyone must observe the minimum acceptable quiet hours of 10:00 p.m. to 8:00 a.m., seven days a week. Courtesy hours are in effect throughout the residence hall 24 hours a day. Therefore, excessive noise, as determined by affected students, is discouraged at all times.

**Room Decorations** – Nails, screws, double-stick tape, packing tape, or duct tape on or in the walls, ceilings, furniture, or fixtures is prohibited. We recommend 3M Poster Strips with Command Adhesive or painter’s blue tape.

- Pictures and other materials that are discriminatory or harassment under other College policies are not to be displayed in areas that may be visible outside a residence hall room or suite (including viewed from outside of room through window or door).
- No window display may be permitted if it substantially detracts from the aesthetics of the residence hall.
- Fire alarm pull stations, speakers/horns, fire extinguisher cabinets, smoke detectors, and exit signs must not be covered, and exits must not be blocked.

- Decorations, unless nonflammable, cannot be used to cover entire hallway areas, ceilings, walls, or doors, due to the fire hazard these decorations present. (All decorations must have a 1-foot fire break for every 3 feet.)
- Trees and other greenery must be artificial.
- String lights must be UL-approved and low wattage.

**Room Modifications** – As a safety precaution, the following guidelines for room modifications within the room or suite must be followed:

- No College-owned furniture or equipment may be removed from the room, suite, or apartment.
- No furnishings shall restrict exiting from any portion of the room or be a safety hazard to persons walking around the room.
- Students must use beds provided by KCKCC and cannot bring additional mattresses or bed frames into the residence hall.
- No additional couches (or other soft seating) may be brought into the residence hall.
- Modifications must not include any materials or designs of a hazardous or flammable nature, including suspended flammable fabrics or carpeting applied anywhere except as a floor covering.
- Residents must be prepared to respond to concerns of staff about the hazardous nature of decorative materials and must remove materials that are judged by Student Housing staff to be particularly hazardous.
- Use and/or storage of hover boards in Student Housing facilities is prohibited.
- Modifications must not block the heating or cooling system or require the removal or remodeling of electrical fixtures or outlets. Twelve inches of free space must be maintained in front of all air vents.
- Modifications must not block a doorway. The door must be able to open perpendicular to the door opening.
- A College-provided light fixture must not be tampered with, and its light bulb must not be removed or switched out with a colored bulb.
- No lofts, risers, or concrete/cinder blocks are permitted. No furniture may be raised off the floor.
- Beds must remain in their standard configuration (e.g., headboard, footboard).
- Mattresses must be used with the bed frames and not placed directly on the floor.
- All mattress toppers and pads over 2" high need to be California fire rated.
- Excessively heavy items should not be placed on furniture or shelving provided by the College.

The College is not responsible for injury resulting from the modifications of a room.

**Room Entry** – Student Housing respects the student's rights to privacy within the community and will strive to protect and guarantee this privacy. This procedure is designed to ensure only legal and appropriate entry into a student's room by specifically authorized staff members and to define the conditions under which authorized personnel may enter a student's room. Rooms may be entered under the following conditions:

- To provide room maintenance inspections or repair service.
- To conduct periodic health and safety inspections.
- When there is reasonable cause to believe College regulations or policies are being violated.

- When there is reasonable cause to believe an emergency situation has arisen that requires that the room be entered.
- When a student permanently vacates the room.
- When a student vacates a room for a break period.
- To identify if a space is ready for a new resident.

Illegal materials/items in plain view may be removed if they are noticed in the course of room maintenance or inspections, or in response to a violation of College or departmental policy. The student will receive written notification of this action if confiscation of property is required when the student is absent. Authorized Student Housing staff members who may enter a student's room are administrative staff members, Student Housing Coordinator, Student Housing Director, RAs, maintenance, and custodial personnel.

**Service Animals and Emotional Support Animals** - Students requiring the assistance of service animals or emotional support animals in the residence hall must provide appropriate documentation and receive approval through Student Accessibility & Support Services Office and the Director of Student Housing before bringing the service animal or emotional support animal to campus. Please contact the Student Accessibility & Support Services at 913-288-7664 to learn more about the process and arrange accommodations.

**Smoke-Free and Tobacco-Free Living** – The use of all tobacco products (both smoking and non-smoking) is expressly forbidden in all areas, including all common areas and individual living units. Any student found responsible for contaminating the tobacco-free environment of a room/suite/apartment will be charged per incident per living unit for the thorough restoration/cleaning of that area, including carpets, walls, ceilings, etc. Charges vary and will be based on the cost to restore the living area. See full policy here: <https://www.kckcc.edu/files/docs/policies/administration/1.11-smoke-and-tobacco-free-campus.pdf>.

**Missing Person** - Every student who resides in the residence hall shall have the option to identify a confidential individual to be contacted within 24 hours of the determination that the student is missing. The Student Housing Missing Residential Student policy is available to view here: <https://www.kckcc.edu/files/docs/policies/student-affairs/3.02-missing-residential-student.pdf>. Students are encouraged to submit a confidential contact to be contacted should the student be determined to be missing. The Missing Student Contact person can be submitted using the forms on the Student Housing online portal.

## Student Housing Services

**Community and Study Lounges** – There are community and study lounges located throughout the residence hall. Residents are encouraged to utilize the community lounges for entertaining guests, socializing, studying, or just visiting. Activities and special events are periodically held in the community lounges, but the lounges are available 24 hours a day for students and guests when these community functions and events are not scheduled in the facility. So that all residents may benefit from these areas, furniture is not to be removed from any community area, including lounges. Study lounges, equipped with tables and chairs are available on each floor. These facilities provide a private place in which to study. So that all students may benefit from the study areas, no excessively loud music is allowed.

**Wireless Network Access** – Centennial Hall has been designed to have complete wireless coverage. However, as with any wireless technology, connection quality and speed can be affected by many environmental factors. For more information about connecting your devices to the network, visit the Technology Support page here: <https://www.kckcc.edu/technology/index.html>

**Custodial Services** - Students are responsible for keeping rooms in reasonably clean condition and should empty waste into outside dumpsters. At no time should waste be left in the hallways. Residents found placing full trash bags in the hallway, including at the lobby trash cubicles, or otherwise improperly disposing of trash, will be charged a \$20 trash fine per item. To ensure a healthy environment, periodic room health inspections will be conducted by Student Housing staff. The Custodial Staff cleans all public areas, including public restrooms, on a regular basis in the residence hall. It is the residents' responsibility to maintain a clean and sanitary bathroom and kitchen in the student rooms at all times.

**Insurance Coverage** – The College cannot be held responsible for any damage or loss of property due to fire, power surges, power loss, facility failure, theft, severe weather, etc. Residents are, therefore, encouraged to carry homeowners or rental insurance. In addition, the College shall not be liable for injuries that occur in and around residence halls, including laundry rooms, parking lots, etc. Students are encouraged to carry adequate medical insurance.

**Laundry Facilities** – The residence hall is equipped with washers and dryers for exclusive use by residents. The College will not be held responsible for lost or damaged belongings. Residents are expected to promptly switch over or remove their laundry from the machines once the machine has finished running. Failure to do so may result in a \$20 fine. Items left in the laundry room will be collected by building staff and placed in an area for lost and found.

**Parking** – Residents with the appropriate parking stickers are permitted to park in the campus parking lot to the northwest of the residence hall. Residents may obtain a parking sticker at no cost from the Centennial Hall front desk. Students will also receive a Traffic Parking Regulations Handbook and are responsible for following the guidelines within. The College is not responsible for losses or damages to automobiles or other personal property located in the parking lots surrounding the residence hall. Washing or servicing of cars in the parking lots is prohibited.

**Reserving Residence Hall Community Space** – College organizations wishing to utilize residence hall facilities including community lounges and courtyard space for presentations and/or meetings should make this request to the Director of Student Housing at least two weeks prior to the date desired. Priority is given to Student Housing activities. Requests for reoccurring events will not be approved to allow for Student Housing events.

**Keys** – Students are responsible for all keys/access cards issued to them at check-in. Lost keys/access cards may be replaced by reporting the loss to a Student Housing staff member. A key request will be completed at that time. Mailbox keys will be replaced for a charge of \$10.00. Bedroom keys, apartment keys, and building access cards are replaced at a cost of \$20.00. Please remember:

- Lock your bedroom and apartment doors at all times.
- Do not loan your keys/access cards to anyone for any reason.
- Report lost keys/access cards immediately.
- Do not mark your keys/access cards with your room number or any other identifiable markings.

- Never leave your keys/access cards unattended.
- Return any lost keys/access cards you may find to a Student Housing staff member.
- When returning to campus after a weekend away/break, confirm you have your keys/access cards with you.

Keys/access cards obtained from sources other than the College are considered unauthorized. Keys/access cards may only be purchased for the purpose of replacing a lost key/access card and residents may not have more than one key/access card.

**Lock-Outs** – Residents are responsible for carrying their room keys/access cards at all times. In the event that a student is locked out of the room, the student should attempt to locate a roommate to gain access to the room. If a roommate is unavailable, they should contact the RA on-call to assist. Each student is provided with two complimentary lock-outs per contract period. Additional lockouts are considered misuse of this service, resulting in a \$10 charge for the third lock-out and every lock-out thereafter for the remainder of the contract period. This fee will be charged to the student's College account. This lock-out service should not be used as an alternative to the replacement of a lost key/access card. For your own safety, report lost keys/access cards immediately.

**Mail** – Mailboxes are located near the entry of the residence hall. Residents must use the assigned mailbox key to obtain mail, as postal regulations prohibit staff members from removing mail from the boxes. The College will not be held responsible for mishandling of mail or packages. Mail is delivered daily, except Sundays and holidays, and is usually in the mailboxes by late afternoon. Outgoing mail is picked up daily, except Sundays and holidays. Please include a complete return address on each piece of mail. Mail for students should be addressed as follows:

Student Name  
Centennial Hall  
7360 State Ave., Room ##### (include room number and letter)  
Kansas City, KS 66112

## Student Housing Contract

### Terms and Conditions

The 10-month academic-year Student Housing Contract is in effect from August until May (unless entered into during the spring semester). The Student Housing Contract is for the entire academic year (both fall and spring semesters). If entered into after the semester begins, the contract applies to the remaining balance of the academic year. The following is a list of information you are responsible for knowing and have agreed to follow by signing your contract. You should take time to review the Terms and Conditions of the contract which may be found on our website.

**Holiday Periods** - Centennial Hall is closed during all holiday periods (Thanksgiving Break, Winter Break, Spring Break); however, students can request to stay during these times. This is so that staff are aware of students who remain in the building during these times in case of emergencies and to ensure adequate staffing levels. The procedure to request to stay over breaks will be shared via email by staff members prior to the break.

**Alcohol Use and Possession** – Alcohol use and possession are prohibited in Centennial Hall and on the KCKCC campus. Students found to be potentially violating the College alcohol policy will be documented and referred to the Dean of Students office.

**Cancellation and Breakage Policies** – If an individual is to remain a student at KCKCC, the individual must obtain prior approval from Student Housing to cancel or break the contract. If an individual is permitted to break the contract, the following conditions apply:

A. If a student withdraws from the College, the individual is no longer authorized to live in College housing and must check out within 24 hours. The deposit will be forfeited, and the student will be charged the daily rate until the student has officially checked out. If the student checks out after the College's "last day to drop classes" there will be no refund.

B. If a student is permitted to break the contract after the opening day of the halls in the fall or spring, the following costs will be incurred:

- a. the deposit will be forfeited;
- b. the daily rate will be charged until the student has officially checked out;
- c. liquidated damage charges, as stated in Section 2 and 15 of the Student Housing Contract, will be added to the student's account including all breakage fees

C. Student Housing may cancel a student's contract, and the resident will forfeit the deposit with appropriate notice if, after due process, the student is found in violation of the rules and regulations as established by this Handbook, the Student Code of Conduct, or federal, state or local laws. In such cases, the College may impose a liquidated damage fee. (See Section 2 and 15 of the Student Housing Contract)

D. To cancel a contract prior to the opening of the residence halls, Student Housing must be notified in writing. If mailed, the date the notification is received by Student Housing will be used as the date of contract cancellation.

**Consolidation Procedure:** At any time during the academic year, if a student moves out of a room/suite/apartment leaving a vacancy, the remaining student(s) must select one of the following options:

1. Choose to move to another partially-filled room.
2. Find another student in a partially-filled room who is willing to move into the room.

This consolidation procedure does not require an individual to consolidate unless there is a need for space in the residence hall. If a student is (a) occupying a room without a full suite of roommates, and (b) not required to consolidate as indicated above, the student must:

- Keep the apartment in such a condition that would allow someone to move into the room on short notice.
- Display an attitude of cooperation and acceptance toward any student who may wish to examine the apartment prior to occupancy.

- Agree that the room may be shown to prospective occupants without prior notification and in the student's absence.
- Agree to accept any roommate assigned by a Student Housing staff member.

Students who are directed to consolidate, but fail to do so, will be billed automatically for both rooms. Students who refuse to accept an assigned roommate will be automatically charged both room fees prorated from the date of the vacancy. Students in partially empty apartments must keep the bedroom in empty condition at all times and the remainder of the apartment in a state ready for a new roommate. Students leaving for winter break who are in a partially empty apartment must make sure the apartment is ready to accept a new roommate, as a new roommate may move in during the break.

During the semester, if several apartments become partially empty, students may be required to consolidate with students of another apartment. Student Housing reserves the right to enforce this procedure when its enforcement will:

- result in energy conservation;
- facilitate cleaning and renovation;
- make space available for additional students, guests, offices, and conference groups.

**Eligibility** – To be eligible for residence in College housing, an individual must be enrolled in at least twelve hours as a student at Kansas City Kansas Community College (exceptions can be made by the Director of Student Housing) and be at least 17 years of age.

**Insurance Coverage (Medical and Property)** – The College cannot be held responsible for any damage or loss of property due to fire, power surges, power loss, facility failure, theft, severe weather, or other acts of nature. Students are, therefore, encouraged to carry homeowners or rental insurance. In addition, the College shall not be liable for injuries that occur in and around residence halls, including laundry rooms, kitchens, parking lots, etc. Students are encouraged to carry adequate medical insurance.

**Room Use** – Residents are not permitted to sublet or assign their rooms or use their rooms for commercial/business purposes. Students are not permitted to remove equipment or furnishings from any room in College housing. Room modifications may be made only in adherence to departmental guidelines as otherwise stated in this Handbook.

## **Contract Payment and Refund Policy**

**Payments** – Charges related to the Housing Contract will be reflected on the student's account with the College. Payments are to be sent to the Business Office and are due by dates published by the Business Office. If the student fails to make payment according to the schedule set forth by the contract, the College may withhold grade reports and all other records or information requested by the student or third parties.

**Refunds** – If a student withdraws from the College, a refund of housing fees will be calculated according to the Terms and Conditions of the Housing Contract. Students will not receive a housing refund if they leave College housing after the College's posted "last day to drop class" of the semester. Money owed to Student Housing or other departments at the College may be deducted from any refund.

## Check-In and Check-Out Procedures

**Check-In** – When students move into their rooms, they will be given access to the online Room Condition Report (RCR) that includes a completed apartment inventory. This inventory serves as a record of the contents and conditions of the apartment and serves as the basis for check-out and assessment of damages when a student moves out.

**Check-Out** – In order to properly move out of an apartment, the student must check out with a Resident Assistant or Student Housing staff member. RAs will provide students with sign-up times for check-out during finals week or last week of the contract. These appointments are necessary for the convenience of students and allow RAs to plan in advance if a schedule conflict requires the assistance of another staff member in the checkout process. During check-out, the RA will inspect the apartment, record any damages on the Room Condition Report, collect keys and access card, and obtain the student's signature on the Room Condition Report, noting the date of check-out. Failure to do any of the above constitutes an improper check-out, resulting in a \$100 charge, in addition to any other charges. If a student checks out of a room during a holiday period, the student must make arrangements with the RA on-call to check out. A fall semester resident not planning to return to the residence halls in the spring must check out of the room 24 hours after their last final or by 10:00 a.m. on Tuesday, after finals. A student will be billed the daily housing rate for every day beyond this deadline until the student officially checks out. The cost of any damage to the room/suite/apartment may be collected at the time of check-out, billed to the student, and/or deducted from any housing deposit refund due to the student.

## Residence Hall Room Assignments and Changes

**Room Assignments** – Assignments for new students are made according to a priority date determined by the date the student's contract is completed. It is the Department's policy not to discriminate when assigning roommates. KCKCC is a community of people with respect for differences. The College emphasizes the dignity and equality common to all persons and adheres to a strict nondiscrimination policy regarding the treatment of individual faculty, staff, and students. Refer to the College's nondiscrimination policy as listed on page 4 of this Handbook. Student Housing reserves the right to change room or hall assignments. Students agree to accept any and all roommates assigned to the room or apartment as indicated in the Terms and Conditions section 8.

**Room Changes** – Residents are encouraged to discuss room changes with their roommates first. If room assignment problems continue, the student seeking the room change should contact their RA who will mediate the dispute. If still unresolved, the RA will refer the student to the Housing Coordinator. In roommate conflicts which cannot be resolved, all roommates may be reassigned. Room change requests will be accepted after the first two weeks of the fall and spring semesters, and there must be space available to allow a room change. Room changes will be approved based on availability. Room change requests based on discrimination will not be granted. Only room changes that have received formal approval may take place. Students who change rooms without express permission are in direct violation of the Student Code of Conduct (Use of Facilities).

## Confidentiality of Records

In accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA), which is a federal law, access to student records maintained by Student Housing is limited to other persons within the College who have a legitimate or educational interest; officials of other institutions where students seek enrollment; information requested by federal, state or educational authorities; information needed in connection with the receipt of financial aid; information released by accrediting organizations; appropriate parties in health and safety emergencies; or as otherwise authorized by FERPA. KCKCC does make available to the public unedited Incident Reports, including personally identifiable information, regarding investigations of suspected criminal conduct which violates federal law, Kansas statutes, or city ordinances. Violations of College and Student Housing policy that do not involve criminal activity and other information gathered within the context of community development and student service functions are currently addressed under FERPA. Therefore, other individuals and agencies outside the College shall not have access to nor will Student Housing disclose any information, other than directory information or criminal incident reports, without the written consent of the student. Student Housing staff have access to grades and other academic information throughout the academic year. FERPA release forms can be found on the Registrar's website.

## Facilities

### Elevator

The Passenger elevator located within the residence hall is provided for use by residents, their guests, and residence hall staff. In order to keep the elevator in working condition, the following actions are prohibited and may result in disciplinary action:

- Intentional damage and/or vandalism to the elevator, such as prying elevator doors open, jumping, rocking, etc.
- Use of emergency alarms, emergency stops, or the elevator telephone in other than emergency situations.
- Evacuating people from the elevator without assistance from trained personnel. If you are trapped in an elevator, sound the alarm or use the emergency phone to notify Campus Police of your situation.

### Emergency Procedures

In the event of an emergency, assistance may be obtained by contacting an RA, the Coordinator or Director of Student Housing, or Campus Police. Give a clear description of the problem, your location (including floor and room), and your name.

**Bomb Threat** – In the event of a bomb threat requiring evacuation of the residence hall, students will be alerted to the situation and asked to follow standard evacuation procedures outlined for fire

emergencies and drills. A bomb threat, even one made as a prank, is a violation of both federal and local laws, punishable by a fine and prison sentence.

**Contacting Parents/Guardians** – If students are assessed by emergency medical services personnel for medical issues, alcohol poisoning, or suicide ideation/attempt, the student's emergency contact may be contacted by a College staff member.

**Corridors and Fire Doors** – It is absolutely essential that apartment and stairwell doors be kept closed at all times. Closed doors retard the travel of smoke, heat, toxic gases, and fire from the area of origin.

**Emergency Lockdown of a Residence Hall** – Procedures have been developed in the event of an emergency situation occurring on the KCKCC campus. Your RA will cover these procedures during the first floor meeting. Please listen to these instructions and always follow directions given to you by staff members in the case of an emergency. These procedures have been put in place for your safety, not as an inconvenience or interruption of your plans.

**Fire Regulations** – Periodic fire drills are required to ensure that students know what to do in the event of a fire. All students should be on the alert to prevent fires. Students should be familiar with the fire instructions that are posted in each apartment. All residents and visitors are required to evacuate the residence hall when the fire alarm is sounded. Those refusing to cooperate with staff or evacuate the residence hall are subject to the consequences of their actions.

***In the event the fire alarm sounds:***

- Leave the residence hall at once, using the nearest stairway exit. Depart the room immediately, but dress in preparation for exiting into the outdoors (e.g., shoes, coat, etc.)
- Lock your door.
- Never use the elevator during a drill or actual fire.
- If you are away from your room when the fire alarm sounds, do not return to your room, but leave the residence hall via the nearest exit.
- Do not return to the residence hall until given the all-clear signal by safety personnel or Student Housing staff member.

***In the event of a fire:***

- Contain the fire, if possible, by closing the door as you evacuate.
- Pull the nearest fire alarm (pull station).
- No matter how small the fire, and even if it is already extinguished, report it to an RA or Student Housing staff member immediately.
- Leave the residence hall by the nearest stairway. Do not use an elevator. Close the room and hallway doors behind you. Remain calm at all times.
- Do not return to the residence hall until given the all-clear signal by safety personnel or Student Housing staff member.

**KCKCC alert** – This is the College's mass notification system, which uses a variety of methods to contact students, faculty, and staff in the event of an emergency or school closing. The system allows you to receive urgent notification where and how you want. It is also very important to follow the instructions given, whether you are in your residence hall, in an academic building, or elsewhere.

**Threats and harassment** – Residents who are physically threatened or harassed should immediately contact an RA or Campus Police for assistance. Residents who receive threats/harassment over the telephone should follow these procedures:

- Note the exact time of the call and, if available, number of the caller.
- Write down as accurately as possible all statements made by the caller.
- Listen to the voice to determine perceived gender, age, accent, and any other distinguishing features about the voice.
- Listen for any background noise (e.g., vehicular noises, alarms, voices, etc.)
- After the call is ended, notify an RA or Campus Police.

**Tornadoes and Severe Weather** – Two types of tornado alerts are issued by the National Weather Service: **tornado watch** and **tornado warning**. Students should become familiar with the distinction, because it dictates which course of action to follow.

A **tornado watch** indicates that atmospheric conditions are such that a tornado may develop. The National Weather Service will issue a tornado watch for a specific time period and geographical area. Students should monitor both television and radio weather bulletins to listen for details and changes in weather conditions. A **tornado warning** is issued when a tornado has been sighted in the immediate area. The Wyandotte County Emergency Management sirens will sound when a tornado warning has been issued. In the event of a tornado warning:

- Close and lock your room and apartment door and close hallway doors behind you. Bring a book and flashlight with you if they can be located quickly.
- Move to the lowest floor or basement immediately, remaining in the hallway until the all-clear is given by a Student Housing staff member.
- Do not remain in any area that has glass windows, especially lobbies.
- Cooperate fully with all Student Housing staff members. Those refusing to cooperate with staff or evacuate to a designated area are subject to consequences of their actions.

## Maintenance and Damages

Residents are responsible for maintaining rooms in the condition in which they were found at the time of check-in. The College employs a facilities staff to assist with the general maintenance, repair, and emergency situations. Requests for maintenance should be submitted online.

If there is an emergency (e.g., major water leak, air conditioning or heating problems, door locks), contact a Student Housing staff member to request emergency repairs.

**Damages** – The condition of each room/apartment is checked at the beginning and end of each academic year. To avoid being charged for damages for which you are not responsible, residents should carefully check the Room Condition Report (RCR) provided by the RA to make certain all existing damages are noted on the RCR. Damages to College property that occur during the school year by residents or their guests are the responsibility of the residents of the room.

**Damage/Charge Appeals** – Appeals must be submitted by the student online in the Student Housing portal (<https://kckcc.erezlife.com>). Sign into your account and select Forms, then click Appeal Damage Charges.

Appeals for damages in a given semester will only be considered until the fifteenth of the month that follows the end of the semester.

<b>SEMESTER:</b>	<b>DEADLINE:</b>
Fall	January 15
Spring	June 15
Summer	August 15

## **Medical Needs and Accommodations**

Students with medical needs should communicate those needs to Student Housing in case of an emergency. If accommodations are requested, students will need to register with the Student Accessibility and Support Services office, located in Jewell 3384. Students with a medical condition requiring injections must inform Student Housing and Student Health of that medical condition, as a disposal unit for used needles will be needed in the apartment.

## **Pest Control**

Student Housing has every room (including resident and staff apartments) in the residence hall treated by our pest control contractor quarterly. In order to request treatments for insects or other pests beyond the regularly scheduled applications, please notify your RA, the Student Housing Coordinator or Director. If a resident wants to provide a specimen of the pest, it should be placed in a Ziploc bag and taken to the Student Housing office. We cannot treat for flying insects such as gnats, wasps, or hornets, the source needs to be located before treatment can take place. Student Housing has a protocol for treating bedbugs. If you suspect you have bedbugs, please contact your RA or a Student Housing staff member immediately. It is the resident's responsibility to notify Student Housing when pests are present so treatment can begin promptly. Failure to comply with all treatment and requirements prior to treatment will result in a referral for conduct charges and/or financial charges up to \$1,500 for eradication of pests.

## **Security Systems**

**Card Access Security System** – A card access system permits residents to gain entry to their residence hall at all times. Guests must contact residents they are visiting to allow entry to the building. Resident's building access will be turned on upon their check-in to Student Housing. Card access is an electronic security system that help maintain the security of the exterior and interior doors. Lost cards should be reported immediately so that door access can be removed. Access will be re-granted when the student reports that they have found or replaced their access card.

To help maintain a goal of safety and security in the residence hall, students are asked not to permit "tailgating." This means that persons not in possession of an access card should not be permitted to enter a residence hall without a host resident. Students are prohibited from loaning or giving their access card to others.

**Community Watch** – Residents are asked to watch out for and protect their “home away from home” and the members of their community. The safety and security of the residence hall depends, in part, on the actions and responsibility exercised by each community member. No lock or security measure is effective when ignored or used improperly. For their own safety and the safety of their fellow residents, students are asked to observe appropriate safety and security measures and to report concerns to their RA.

**Criminal Background Checks** – All students and staff members will have their personal information submitted for a criminal background check.

**Interior Door Security** – In addition to exterior door security, every residence hall student door is equipped with a security peephole. Students should utilize these and other safety measures when uncertain about a visitor.

**Identification of Personal Property** – Students are encouraged to identify personal property (e.g., bikes, stereos, TVs, etc.) with an engraver. It is helpful to note all the serial numbers of your personal belongings in case of loss or theft.

**Surveillance Systems** – To assist with the overall security of the residence hall, surveillance cameras, card access activity logs, and other means of personally identifying and monitoring the activities of students and staff are utilized. Surveillance cameras do not have audio capabilities and will not be placed in private areas, such as bathrooms or student living units. Campus Police is the authorizing agent for access and control of any camera and monitor.

**Windows, Shades, Ledges, and Roofs** – The misuse of windows can present a serious safety hazard to students and other community members. The following guidelines are in place to address these concerns.

- Residents may not take any action to that may tend to damage the window or window shades.
- Residents are instructed not to lean against any window or to stand upon any structure(s) or item(s), such as crates or boxes, in front of any window within the residence hall.
- No one is permitted on ledges or retaining walls, nor any items to be placed on ledges or retaining walls.
- No one is permitted on roofs or overhangs, nor any items to be placed on roofs or overhangs.

Due to the severity of this safety concern, Student Housing will hold responsible all students involved in these actions, including the residents of the room in which a violation of these policies has occurred. Any damage to a window should be reported to Student Housing immediately.

## Student Conduct

In the event of an inconsistency between this Handbook and the Student Handbook and Student Code of Conduct, the Student Handbook and Student Code of Conduct shall control.

A primary aim of Student Housing is to maintain an atmosphere that is conducive to the pursuit of academic goals and personal growth. In order to achieve this goal, it is important to remember that a large number of individuals live together in a residence hall. This situation requires students to accept the responsibility involved with living in a community environment and to make a special effort to be aware of how their actions affect their neighbors and roommates. To this end, policies and community standards for the residence halls have been developed to establish an environment in which a large number of students may live together with maximum freedom while recognizing the rights and safety of fellow students. Students are encouraged to learn and practice responsible decision making, develop an appreciation of community standards, respect individual rights and property, practice good citizenship, and understand the policies of the College within the context of a community living environment. The student conduct system is an active approach to problems that may arise in a residence hall living environment. The system allows for the growth and development of individual residents, making them accountable for their actions and the consequences of these actions and decisions. When a resident violates the basic standards of community living by endangering the safety of other residents or violating any of the policies outlined by Student Housing or the College, this behavior is addressed through the Student Housing or College conduct system.

**Documentation of Violations** – Student Housing Staff, including RAs, Student Housing Coordinator and Director, are required to confront violations of residence hall and College policy. An incident report is written and filed with the Dean of Student Services office. Residents cited in an Incident Report for an alleged violation of policy receive email communication informing them of the next step in the process to resolve the situation. Residents are asked to respond in a timely fashion to all communications involving student conduct concerns. Failure to do so can result in further conduct action.

**Adjudication of Alleged Policy Violations** – Information about the conduct process, including student rights, responsibilities, due process, hearing procedures and sanctions may be found within the Student Code of Conduct: <https://www.kckcc.edu/files/docs/policies/student-affairs/3.00-student-code-of-conduct.pdf>

## Residence Hall Student Code of Conduct

**Policies and Regulations** – Any residence hall student who is found to have violated the community standards or College policies as outlined under Policy 3.00 in the Student Code of Conduct is subject to disciplinary sanctions, conditions, and/or restrictions. Residents should review the Code found at <https://www.kckcc.edu/files/docs/policies/student-affairs/3.00-student-code-of-conduct.pdf>. Students will be held responsible for their own behavior.
