

Joining a Zoom Meeting

To join a Zoom Meeting via the web, you can click on the link provided to you by your instructor.

It will prompt you to install the Zoom application, and launch after it is done installing.

You now have access to the meeting you have been invited to. Hover and move your mouse over the meeting window to view the menu options available for meeting participants:

- Mute/Unmute your audio
- Enable/Disable video feed
- Invite people to join the meeting (if enabled)
- View list of participants in the meeting
- Share your computer screen with the meeting (if enabled)
- View chat window
- Record the meeting (if enabled)
- Leave the meeting

You can also join a Zoom Meeting your iOS or Android mobile:
