It is also agreed that the courses required for the Associate in Science degree at KCKCC will be accepted by K-State as meeting the requirements for the first two years of the Bachelor of Science degree in Family Studies and Human Services at K-State, as shown in the attached curriculum guide.

KCKCC and the College of Human Ecology at K-State agree to provide student support services including admissions, academic advising, library access, technical support and others services as needed and appropriate. The staffs at both institutions will coordinate their student services to assure a smooth transition from one institution to the other.
