It is also agreed that the courses required for the Associate of Applied Science degree in Technical Studies at KCKCC will be accepted by K-State Salina as meeting the requirements for up to sixty-two (62) hours of the Bachelor of Science in Technology Management degree at K-State Salina, as shown in the attached curriculum guide.

KCKCC and K-State Salina agree to provide student support services including admissions, academic advising, library access, technical support, and other services as needed and appropriate. The staffs at both institutions will coordinate their student services to assure a smooth transition from one institution to the other.

KCKCC and K-State Salina will continue to review the course offerings on the attached curriculum guide and will collaboratively make any revisions. KCKCC and K-State Salina agree that all students who successfully complete the requirements for the courses listed in the attached curriculum guide, and who have met other institutional requirements for the degrees, will be granted the specified degrees.

The Division of Continuing Education (DCE) at K-State and KCKCC will mutually promote and market the program, especially to students who need access to distance education programs.

This agreement is subject to annual review by KCKCC and K-State Salina.
